Generally, the first industry training position will be in a junior position, where students can practice the skills that they learned in the first academic year at BHMS. Students will complete their training in the service, housekeeping, or kitchen area, according to their talent. Successful students may be able to assume more responsibility and guest contact in their second year.

The industry training salary in Switzerland, negotiated between the employers' association and the Employee Union, is presently set at minimum CHF 2'168 per month gross. From this salary, students have to pay for room, board, and taxes. The average net income per month varies from CHF 1'200 to 1'400.
